BOSS Security & Automation Launches New Responsive Website

BOSS Security & Automation specializes in IP Video Surveillance, Alarm System Installation/Monitoring, Access Control, Home/Business Automation, and IT Services & Computer Repair.

Corning, NY – October 8, 2015

BOSS Security & Automation of Elmira Heights, NY has launched a new website designed by creative *web design firm*, inCommand Technologies.

The website features an updated, modern look, as well as a responsive design. Responsive web design (RWD) is a web design methodology that allows websites to be created for an optimal browsing experience whether the user is on a desktop computer, tablet or smartphone. A major aspect of the new site is the use of a Content Management System, allowing for easy updates to all the content on their website.

About BOSS Security

BOSS Security & Automation, in partnership with Controltech USA, an industry leader in Engineering, Instrumentation, Electrical, and Automation pulls from a vast number of trade experts in order to meet any customer's needs and budget, while providing a custom engineered system to give you the peace of mind that you require and deserve.
