

Space-Saver Tomato Cage Launches Redesigned Responsive Website

Space-Saver Tomato Cage is the sturdiest cage on the market. It's a tomato cage that can be used for a variety of garden plants.

Corning, NY – April 15, 2015

Space-Saver Tomato Cage of Elmira NY has launched a new website designed by creative [web design firm](#), inCommand Technologies.

The website features an updated, modern look as well as a responsive design. Responsive web design (RWD) is a web design methodology that allows websites to be created for an optimal browsing experience whether the user is on a desktop computer, tablet or smartphone.

About Space-Saver Tomato Cage

Space-Saver Tomato Cage is owned by home gardeners in New York State, who have recognized a need for a sturdy tomato cage that would increase the enjoyment of growing tomatoes. After years of struggling in their own garden with commercial tomato support systems that were inadequate and often fell over, they have designed a tomato cage that is both sturdy and tip over resistant.
