

## Techline Communications Launches New Responsive Website

*Techline Communications has been fulfilling the telephone systems needs of businesses in the area as the leader in business telecommunications since 1986.*

Corning, NY – January 11, 2016

Techline Communications of Elmira, NY has launched a new website designed by creative [web design firm](#), inCommand Technologies.

The website features an updated, modern look, as well as a responsive design. Responsive web design (RWD) is a web design methodology that allows websites to be created for an optimal browsing experience whether the user is on a desktop computer, tablet or smartphone. A major aspect of the new site is the use of a Content Management System, allowing for easy updates to all the content on their website.

### **About Techline Communications**

A total service company, Techline Communications serves as a single point of contact for today's growing communication needs. They offer a wide range of telephone equipment, wiring, IP systems, paging & overhead music, hospitality, and camera/ security-surveillance systems. Techline Communications' reputation for expert performance and proven reliability is based on competitive rates, trained professional certified personnel and optimum service – before, during and after installation.
